

ANREDE,

it is a great pleasure for us to invite you to the

41st Annual Meeting of the German Pancreas Club

February 10-12, 2022 | Lübeck, Germany

Pancreatology in Germany enjoys steady progress in all areas: from experimental basic science, translation and biostatistics, clinical practice in gastroenterology, oncology and surgery to quality assurance. A particular challenge, but also the great potential, is the networking and cooperation of specialists from all sub-areas. We would like to meet this requirement with a very diverse and interesting program.

Call for abstracts: The DPC conference portal is up and running and now allows free registration for digital content and abstract submission. Authors are invited to **submit an abstract** for talks, posters or the science slam. For the young scientists among us, a **Science Slam with clinical case demonstrations** and presentation of experimental methods is planned.

After login, please navigate to the submission area and contribute to the 41st DPC-Meeting. Submission **extended deadline is November 15, 2021**.

Optionally, each submission will be published in an online open-access proceedings. Due to the expected high number of foreign scientists, the conference will be held in English.

Conference Topics include, but are not limited to: Pancreatic cancer - experimental and clinical • Pancreatitis - acute and chronic • Pancreatic surgery - minimally invasive and conventional • Endoscopy and ultrasound • Endocrine pancreas - diabetes mellitus, islet cells • Pancreatic neuroendocrine neoplasms (pNEN) • Pancreas - development and stem cells • Cystic neoplasia of the pancreas • Registries, biobanking, epidemiology and biostatistics in pancreatology • Clinical studies in pancreatology - concepts, ongoing studies and results • Pancreatology worldwide

Furthermore,

- Workshop 1: **Robotic Pancreatic Surgery**,
- Workshop 2: **Endoscopy in Pancreatic Disease**,
- Workshop 3: **Molecular Tumorboard and Biobanking in Pancreatic Cancer** and
- Workshop 4: **Ex Vivo Tissue Slide Culture and Primary Cell Culture in Pancreatic Cancer**

can be booked separately at the ticket center, which can be reached after [login](#).

Important Dates

Deadline for abstract submission: Nov 15, 2021

Notification of acceptance: Nov 30, 2021

Deadline for author registration: Dec 6, 2021

DPC-Conference 2022: Feb 10-12, 2022

Last but not least, the traditional Hanseatic City of Lübeck with its modern university hospital will provide an appropriate stage for our conference. The conference will be held hybrid (2G and digital).

We look forward to your contributions and inspiring discussions.

With kind regards,

Ulrich F. Wellner (Congress President),
Tobias Keck, Jens U. Marquardt, Nikolas von Bubnoff
