## Registration and further information

[www.eahpba.org](http://www.eahpba.org)

Dear colleagues,

Originally, E-AHPBA Gold Seal Courses serve as preparation for the UEMS exams for HPB surgery. Since these courses provide an optimal overview over the entire field of liver surgery, Gold Seal Courses also provide an optimal basis for surgeons with interest in liver surgery and for those who want to update their knowledge on an international level.

You may enjoy a superb faculty – international experts in liver surgery share their experience with the participants. Moreover, this course is the optimal occasion to meet and connect to international experts in liver surgery.

It is my pleasure to organize this course and look forward to meet you in Trier!

Stefan Heinrich

## Venue

### Gold Seal Course and UEMS exams

St. Irminen | MedizinCampus  
Irminenfreihof 1 Trier

## Travelling to Trier

By plane to Luxemburg Airport (30km)  
By Deutsche Bahn
